

BILLING COMPANIES

Designed for billers. Trusted by practices.

Kareo is an intuitive and powerful platform that makes it easier for billing companies to manage clients and grow their business. Kareo brings you the only complete, cloud-based clinical and business management platform that optimizes your operations while enabling the success of the independent practices you serve.

Better Management, Faster Payments

Kareo is built with the biller's daily workflow in mind, streamlining your tasks so you can focus on managing your business and being a valued resource to your clients. Whether you're a contract biller, starting a new billing company, or an established organization—Kareo helps you run a more profitable business.

- ✓ Stay focused throughout the day with a robust to-do list that highlights all of your tasks
- ✓ Avoid data entry errors and save time with flexible charge capture input options
- ✓ Resolve billing issues quickly, reduce claim denials, and get your clients paid faster
- ✓ Keep clients in the know and happy with easy access to tools and key, customizable reports
- ✓ Get real-time updates and gain better insight into your team's billing performance
- ✓ Simplify your workflow with integrated platform options that help you adapt to any scenario

Boost Your Business with Co-Branding

Add your company logo and colors to the Kareo platform to boost your credibility and brand presence with practices.*

Connect and Control

Kareo delivers tools that improve workflows—both at your office and your clients' practice. This means you have more time to focus on optimizing reimbursements, while your practices can concentrate on delivering quality care.

- ✓ Secure HIPAA-compliant messaging lets you communicate efficiently with your practices
- ✓ Increase providers' flexibility with mobile access to documents, encounters, and at-a-glance practice overviews
- ✓ Files are securely stored in the cloud, giving you access to critical information anytime—and from anywhere

Advanced Reporting and Insights

Have better visibility into each account's financial picture with robust analytics options.

- ✓ Kareo Analytics lets you see the big picture—then drill down to the finite details—for all of your practices*
- ✓ Give your clients piece of mind throughout the month with up-to-date, customizable financial health snapshots that are available on any device

Kareo Delivers More, For Free

- ✓ Dedicated Customer Success Coach to help guide your onboarding experience and get you up and running quickly
- ✓ Flexible support options include phone, online chat, and email
- ✓ Access to free educational videos and webinars through Kareo University
- ✓ Get regular industry updates and billing tips, as well as admission to an online community of billers using Kareo

It's Better When Everything Works Together

Kareo's integrated platform gives your clients streamlined access to all major functions of their practice, and puts you in control of the entire revenue lifecycle. Helping you become their trusted resource for business growth.

CLINICAL
(EHR)

Easy-to-use, full-featured EHR designed for doctors, by doctors

ENGAGE
(PATIENT ENGAGEMENT)

Stay connected with patients to optimize care delivery and patient collections

MARKETPLACE
(PARTNER INTEGRATIONS)

Extend your platform with seamless technology options, including 10+ specialty EHRs

The screenshot displays the Kareo software interface. At the top, there is a navigation bar with icons for Home, Clinical, Engage, and Marketplace, along with a search bar and a user profile. Below the navigation bar, the main content area is titled "Agenda" and shows a date filter for "Wed, Oct 17, 2018". The agenda is divided into three columns: "25 Scheduled", "0 In Office", and "1 Finished". A list of appointments is shown, including "David Roam" (01/20/1958, 58 y/o Male) with an appointment in 13 minutes, and "Jose Painter" (05/25/2009, 6 v/o Male) with an appointment in 28 minutes. On the right side, there is a section for "Outstanding Items" with a list of categories and counts: Scripts (0), Labs/Studies (5), Flagged Messages (0), Open Notes (24), and Tentative Appointments (1).
