Meaningful Use
CQM Progress Checklist

This progress checklist is designed to assist the Eligible Professional (EP) in tracking CQM measures during a reporting period. Tracking your progress on a weekly basis is important so that you can clearly see how your practice compares to the threshold of each measure and where improvement is needed. You could also use this checklist to track your progress in anticipation of your reporting period to monitor which areas of measurement indicate a weakness.

To track your progress, you will run a weekly CQM report, as outlined below, and enter the results in the checklist on Page 2.

How to Use the Checklist

1. Print the checklist on Page 2.

2. Complete the information at the top of the checklist, including "Reporting Period."

3. Indicate which CQMs you plan to attest to by checking the box by each.

4. At the end of the week, print the CQM Report:

   a. In the Kareo EHR, hover over Menu in the top left and click **Reports**.
   b. Select CQM from the drop-down menu.
   c. Select a date range (your attestation goal).
   d. Select a provider from the User drop-down list.
   e. Click **Configure Report**.
   f. The report will be generated at 12:00am and will be available for review the next morning.

5. Transfer the results in the report to your checklist.

6. Repeat each week for the duration of your reporting period to track improvements or weaknesses, and ensure that all selected measures have been satisfied.

Provider: _____

☐ Yes I am an Eligible Professional.
☐ Yes I have completed the CMS Registration.

☐ Stage 1, Year 1   ☐ Stage 2, Year 1
☐ Stage 1, Year 2

Reporting Period: _____

☐ April - June 2014
☐ July - September 2014
☐ October - December 2014

				Week (Enter Dates Above Numbers)													
Attest	Requirement #	MU Requirement	Threshold	1	2	3	4	5	6	7	8	9	10	11	12	13	Final
