

Better, smarter, easier with Kareo Billing Services.

Finding time and resources tight?

Kareo Billing Services is a great solution. Our team of billing experts can increase your efficiency, take complicated billing issues off your plate, and improve your returns. We offer a unique combination of proven experience and a powerful technology platform that has helped thousands of practices just like yours succeed. After all, when your cash flow improves, it's much easier to stay focused on what's most important—your patients.

The Advantages of Outsourcing

Let's face it, medical billing is confusing, complicated, and always changing. The Kareo Billing Services make it so much easier.

- We provide a dedicated team whose job is to do everything it takes to get you paid.
- We troubleshoot the rules and bureaucracy of insurance companies.
- We take the time to explain bills to your patients.
- And, with our best practices working for you, you'll collect more, faster at a lower cost.

Better Technology Built-in

As a Kareo Billing Services customer, you get Kareo Practice Management for your front office and Kareo EHR for your clinical needs.

- It means that all of your systems are always connected.
- It enables you to intuitively tackle administrative tasks and eliminate manual tasks.
- It allows you to send codes and claims directly from your EHR to your billing team.
- And, all these efficiencies add up!

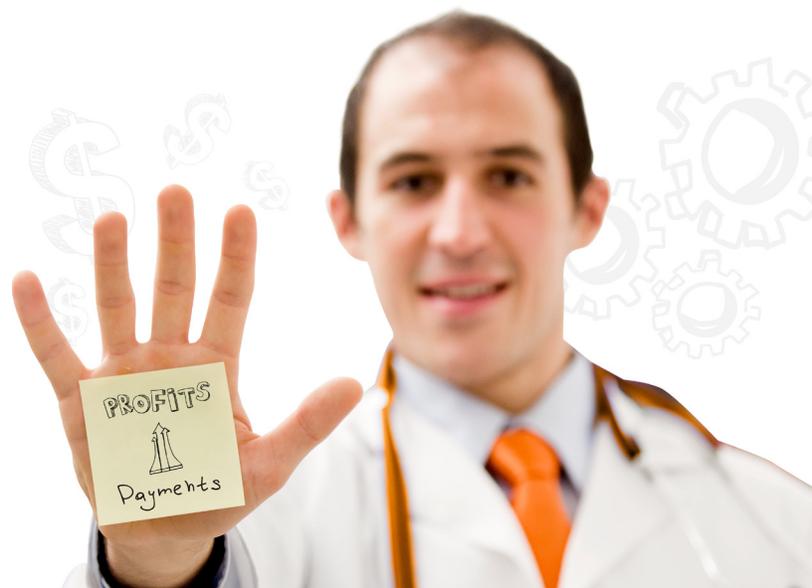

We're Part of Your Team

At Kareo, we specialize in committed, personable service.

- We provide a dedicated team to manage our partnership.
- We give you the flexibility and freedom to run your business your way.
- We make it easy for you to take back your billing at any time.
- And, you only pay 4-9.9% of collections and nothing for software, training, support, and upgrades.

You can get started today.
