

Built for mobile. Better for your practice.

Take the worries out of adopting an EHR with Kareo.

Our free, full-featured EHR was designed by a practicing physician to fit the way you think and work. Built for the iPad and the web, it gives you great flexibility and the freedom to stay connected with your patient during an exam. Plus, you can attest for Stage 1 or 2 Meaningful Use incentives with the certified Kareo EHR.

And since it's free, what's the risk?

Mobile by Design

Get out from behind the computer and engage with patients.

- It works on an iPad or iPad mini (which fits right in your coat pocket).
- It is flexible and easy-to-use with tap and swipe, pick lists, templates, and voice recognition.
- It allows you to move easily from your mobile device to a computer with web access.
- And all of these features allow you to work when and where you want.

Intelligent and Intuitive

Building notes and managing patient interactions is easy with Kareo EHR.

- It has one-click access to the patient chart with medications, allergies, and problem lists.
- It offers shortcuts for 100 of the top primary care conditions with customizable templates.
- It was built on the industry-leading knowledge base by Epocrates for trusted clinical information.
- And, track your progress using our MU Stage 1 Dashboard.

No Really, It's Free!

Why would we give our EHR away? That's simple.

- We want to earn your business.
- We want you to see what Kareo can do for you.
- We hope that if you like it, you'll consider Kareo practice management or billing services too.
- And, did we mention, there are no strings attached (no contract, no ads, and we won't sell your information).

You can get started with the free Kareo EHR today.

Just visit www.kareo.com, sign up, and you're ready to see patients.

Or for more information, call 888-775-2736.
