

PLATFORM BENEFITS

Practice better when everything works together

Your billing company's services partnered with Kareo's award-winning software helps you manage your practice more efficiently than ever before. The Kareo platform seamlessly integrates with your outsourced billing, so you get paid faster and with less effort. This helps you to focus on what matters most, providing quality care to your patients.

Platform Benefits

Stay in sync with your biller. The Kareo Platform helps streamline your clinical, engagement, and billing workflows. You can even add extensions like telehealth, point-of-service credit card payments, patient statements, mailing services and more.

Complete Patient Profiles

Collect correct demographic and insurance information with patient intake forms. Patient payment options ensure that copays are collected at the appointment.

Cleaner Data

Input encounter details using Kareo's intuitive, cloud-based EHR solution. Encounters feed directly into the Kareo PM, ensuring that your biller gets accurate data every time.

Faster Reimbursements

Get paid faster than ever before. Claims route to the biller as soon as you mark the Superbill 'Ready to Submit.' Upon review, claims are transmitted directly to the payer.

It's better when everything works together

Kareo's complete, integrated platform makes it easier to manage the day-to-day of running your practice so you can focus on what matters most, caring for your patients.
