Connect with Patients and Shine Online.

Kareo DoctorBase helps you boost your online presence, attract new patients, and connect better with the patients you have already. Growing your practice has never been easier.

Connect with Your Patients

What Your Practice Needs → How Does DoctorBase Help?

Automate your front office

Free up your office staff by taking time-consuming scheduling and appointment reminders off their plates.

Easy scheduling

Patients love scheduling appointments online. We'll even send them automated email and text message reminders.

Streamline your whole office

Syncs automatically with EHR and billing systems to make everyone's job easier. When it all works together, it all works better.

No more no-shows

Send automated email and text message appointment reminders to your patients and prevent costly no-shows.

Connect with patients

Build patient trust and earn their loyalty with customized reminders for annual physicals, birthday wishes, and more.

Keep everyone in the loop

With "mass messaging" you can let everyone know when you're running behind schedule. Keep the waiting room happy.
