

Integrated. Efficient. Secure. Patient engagement made easy!

Offer patients 24/7 access with Kareo Patient Portal.

Most patients say that they want to access to their medical information online. Now you can give them a secure, convenient online portal where they can review their medical history, check lab results, view their bills, and easily make payments with a credit card. Kareo Patient Portal is fully integrated with the Kareo EHR and Practice Management (PM) systems and enables you to achieve a wide range of practice goals from improving patient compliance to attesting for Meaningful Use.

Enable Online Billpay

Make it easy for patients to pay bills online.

- Email balance due alerts to patients to save time and money.
- Speed collections by allowing patients to view statements and make payments online.
- Offer flexibility to patients by also taking credit cards in person and over the phone.
- Keep costs down with affordable per transaction pricing and no monthly or hidden fees.

Stay Connected with Patients

Give patients 24/7 access to their medical information.

- Save time by providing access to health records and lab results.
- Improve patient compliance by sharing clinical summaries.
- Reduce costs by allowing patients to download health records.
- Provide patients with a connection to your practice at any time from anywhere.

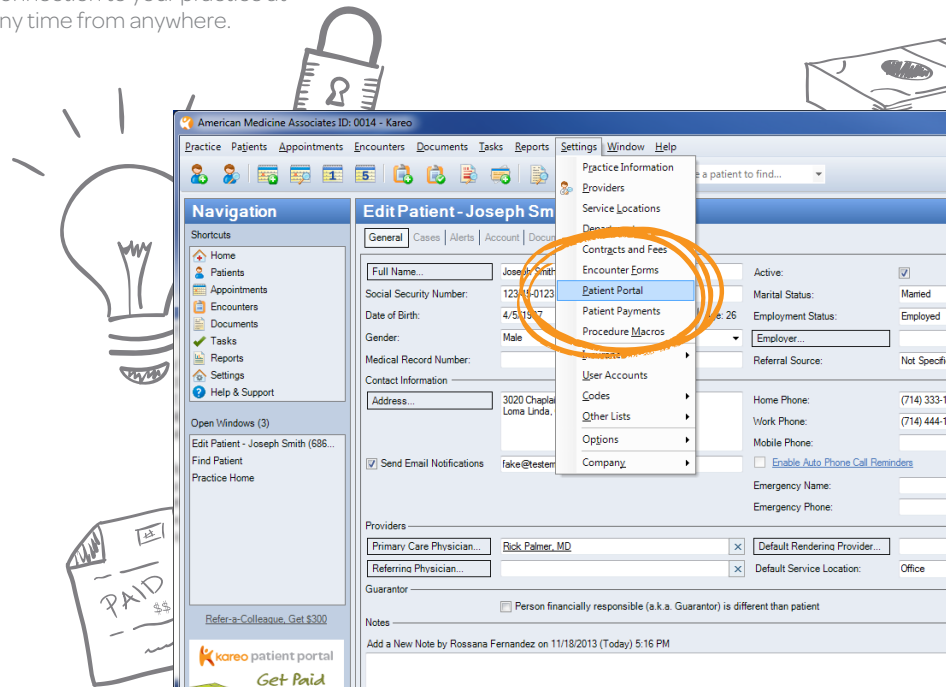

Meet Security Standards

Ensure the security of patient information.

- Meet the strictest PCI and HIPAA requirements.
- Reduce risk of patient identity theft with secure cloud storage.
- Set Kareo permissions to protect patient privacy.

With Kareo PM and EHR, you can quickly activate Patient Portal and start meeting your goals.
